Procedure Title	
Out of Boundary	
Date	Revised
December 20, 2013	March 7, 2016

When a student is approved by the School Board to attend a school outside of their home school attendance zone, transportation is not provided unless they qualify as below:

1. Daycare/Sitter
2. Specialized Program Boundaries (French, Special Education)

1. Daycare “Sitter”:

When a student’s home address is located outside the school attendance boundary, but his/her daycare centre address falls within the school attendance boundary, the student is eligible for busing from the sitter location.

An application must be made at the school to authorize this request. This request will remain in effect so long as daycare continues at this location. If the daycare address changes a new application is required. Please note that if the new sitter address does not fall within the attendance boundary for the school, the student may not be eligible for transportation.

2. Specialized Program Boundaries (French, Special Education):

When a student is approved by the School Board to attend a special education program or a French Program at a school outside his/her home school attendance boundary, the student is eligible for transportation within the approved program boundary.
